## **SRAPPA 2007 “Win, Place or Show” hosted by Northern Kentucky University —a rousing success!**

Fantastic staff work, excellent activities, and fascinating educational sessions came together in a great Annual Meeting at Northern Kentucky University!

Shown above are revelers at the Opening Reception enjoying the table-top horse races and outstanding food, in the mezzanine level of the Riverfront Marriott. Not shown are the shrimp cocktail, burgoo, pork roast sandwiches, pecan pie, and generous helpings of many other delicacies. The pillars of the eight-story indoor gazebo can be seen in the background of the picture on the left side—really spectacular!

A banquet was held at the Newport Aquarium, with a private tour including the chance to pet a real, live (friendly) shark. Spouse tours included a Brewery, and a good time was had by all.

*See you October 25-28, 2008 at the Medical University of South Carolina for SRAPPA 2008!*

## “Win, Place or Show” SRAPPA 2007

Sylvester Johnson  
and  
Deborah Love  
of Tulane University

This year the *Women in Facilities* and the *Diversity* sessions were combined, and we were very fortunate to welcome Deborah Love, Vice President of Institutional Equity and Assistant to the President on Diversity Initiatives at Tulane University, to lead us in some exciting exercises to develop our skills in addressing issues in these areas. Deborah is an outstanding speaker, and we had lots of fun while learning.

SRAPPA Board members confer  
with Lander Medlin, Executive  
Vice President of APPA

Keeneland Racetrack is a beautiful facility, and we were privileged to enjoy lunch in the top floor of the club house. Keeneland has pioneered the use of a new track surface that has been proven to reduce substantially the number of accidents in thoroughbred racing. We won't tell who won all the money!

exhibit hall  
—major sponsors of  
the Conference!

## West Virginia Association of Physical Plant Administrators

WVAPPA held its Fall meeting October 28-30 at Mountain State University in Beckley, West Virginia. Southern West Virginia was glorious in its full fall colors, as the meeting started with a golf tournament at Glade Springs Resort. Entertainment was provided that evening by two renowned bluegrass bands, the Songcatchers and the Lilly Mountaineers.

Educational sessions featured the timely subjects of green roofs and stormwater runoff. After a tour of the Mountain State University campus and the new Health Technology Center, the University's Culinary Arts Institute provided a spectacular dinner. Desserts included vanilla cheesecake, turtle cheesecake, and spoon cake!

## Supervisors' Toolkit

Progress is being made with plans to deliver APPA's Supervisors' Toolkit to SRAPPA institutions cost effectively. Joe Fisher presented a proposal to sponsor training of SRAPPA institution personnel to become trainers, and to arrange hosting of Toolkits at convenient locations in the SRAPPA region. Once the program is organized and the people trained, we hope to offer four Toolkits per year, one each at four locations that will be within a day's comfortable drive from anywhere in the SRAPPA region. Funding support for the proposal was approved at the SRAPPA meeting in October, and a group is being formed to begin implementation of the program.

More information about the Supervisors' Toolkit is available on the APPA website at <http://www.appa.org/Education/SupervisorsToolkit/index.cfm>

The folks from the Medical University of South Carolina, hosts of SRAPPA 2008 in historic Charleston, South Carolina. That's John Malmrose, SRAPPA's First Vice President, on the far right.

## SRAPPA 2008
