

Concerned about

# Germs, Bacteria & Viruses

in your bathrooms and other high traffic areas?

Surface Refinishing provides the

## Complete Solution.

▲ Germs hide & thrive in damaged surfaces in your facility. Disinfecting alone works only temporarily on the surface.

▲ Surface Refinishing repairs the damage and seals the surface in a seamless, non-porous, antimicrobial finish so germs cannot hide.

We Repair  
the Surface.

We Refinish  
the Surface.

We Save You Time  
and Money.

Refinished surfaces are seamless and provide a barrier against bacteria.

Tile grout lines are deep cleaned and completely sealed.

Many solid surfaces can be repaired and refinished.

### Surface Refinishing Facts

- Surface damage is repaired and the surface is completely sealed, eliminating places for germs and bacteria to hide.
- Refinished surfaces are more sanitary and easier to clean.
- Antimicrobial protection inhibits the growth of bacteria for the lifetime of the finish.
- Cost savings can be 50% or more compared to replacing.
- A refinished surface is easier to periodically clean and disinfect according to a maintenance program.

Miracle Method  
COMMERCIAL SERVICES

We offer these optional upgrades for commercial projects

When  
**LOW ODOR**  
is a top priority

## Low Odor and Water-Based Refinishing

- Complete low odor / low VOC refinishing systems
- Ideal for hospitals, schools, senior communities and office buildings

When  
**FIGHTING  
BACTERIA**  
is a top priority

## Silver Ion Antimicrobial Coatings

- Reduces odors
- Inhibits the growth of bacteria
- Durable, non-yellowing, UV stable

Our coatings with silver ion technology can offer an added layer of protection and cleanliness to refinished surfaces. Recommended for community bathrooms, fitness centers, and patient rooms.

When  
**BATHING  
SAFETY**  
is a top priority

## Slip Resistant Surface

- For bathtubs, showers & tile floors
- Bonded to existing surfaces
- Same day return to service

Reduce slip-and-fall liability in your facility. Our slip resistant surface helps create a safer environment in your bathrooms and high traffic areas. We can adjust the amount of texture based on your specific needs.

## Why Miracle Method?

### We're North America's largest surface refinishing company

Since 1979, Miracle Method has helped well over 1,250,000 homeowners and businesses update their existing bathtubs, countertops, showers, and tile floors to like-new condition, without the mess of remodeling.

Miracle Method's certified technicians travel to hotels, hospitals, schools and other facilities to do the work on-site. The time and cost savings of our unique surface refinishing process are ideal for commercial facilities.

- Superior refinishing technology
- Trained, insured technicians
- Unmatched experience

- Over 1.25 MM customers
- 150+ locations nationwide
- Unmatched capacity

**No other contractor provides the same refinishing process as Miracle Method**
