# ORANGEQC®

REFRESHINGLY SIMPLE QUALITY CONTROL SOFTWARE

"We know that when we go to sit down with anyone, we will be the most informed people at the table because of OrangeQC."

David Crane
DIRECTOR OF OCM, UNIVERSITY OF MINNESOTA

"We are constantly amazed by the power and simplicity of OrangeQC... I wish other app makers could be as collaborative and supportive as you have been in working with us."
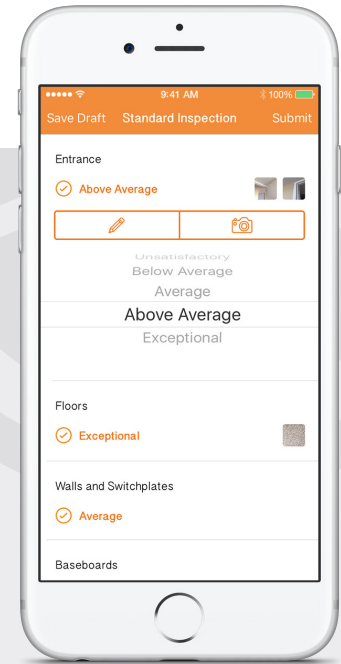

Alan Slinkard
PROJECT SPECIALIST, UNIVERSITY OF COLORADO BOULDER

Refreshingly Simple Quality Control Software

OrangeQC's easy-to-use inspection tools empower teams managing educational facilities to nail quality control and deliver world-class service.

ORANGEQC FEATURES INCLUDE:

→ APPA inspection and service level tracking

→ Mobile inspections with photos, GPS, and timestamps

→ Customizable forms and ratings to fit your process

→ Real-time alerts and communication

→ A powerful, organized ticket system to track and resolve issues, work orders, and complaints

→ Professional, actionable reports for your team

→ An intuitive app and website you can set up and start using in minutes

Exceed Quality Expectations Every Time

Our in-depth reporting helps you spot trends and areas for improvement so your team can consistently deliver exceptional service. Real-time communication tools help teams stay on the same page, even when they're spread out across campus.

Flexible Inspections For Every Process

Anything you can track with a paper checklist, you can track more efficiently with OrangeQC. Simplify your APPA audits, classroom management, housing and dining inspections, and more. Best of all, results are quickly accessible and searchable anytime, anywhere.
