

Miracle Method[®]
SURFACE REFINISHING

Setting the Standard *for the* Refinishing Industry

The money-saving, time-saving alternative to removal and replacement

Miracle Method[®]
COMMERCIAL SERVICES

HOSPITALS • HOTELS • COLLEGES & UNIVERSITIES • SENIOR LIVING COMMUNITIES • MILITARY HOUSING

Setting the standard for the surface refinishing industry

Miracle Method is the leader in surface refinishing providing a more affordable and time-saving renovation solution for hospitals, hotels, colleges & universities, property managers, senior living communities, military housing and other commercial properties. With 135 offices in the US and Canada, Miracle Method has the ability to handle projects of all sizes and scope.

Miracle Method's proprietary process has become the industry standard for surface refinishing. Our multi-layered, high-tech acrylic coatings create the hardest, most beautiful refinished surfaces. Plus, **only Miracle Method uses the revolutionary MM-4 bonding agent that creates a molecular bond with the surface**, assuring a long lasting, beautiful finish.

PROBLEMS WE SOLVE

- Outdated colors
- Unsightly chips & cracks
- Moldy tile grout lines
- Leaking shower pans
- Ugly, impossible to clean bathtubs
- Stained, discolored shower pans
- Cracked, damaged fiberglass
- Germ collecting tile cracks and laminate seams
- Slippery floors, tubs, and showers
- Unsafe bathrooms for the elderly & mobility impaired

SURFACES WE REFINISH

- Tile
- Porcelain
- Fiberglass
- Laminate
- Cultured Marble
- Acrylics
- Corian®
- Silestone®
- Concrete
- Terrazzo
- Metal
- Vinyl Flooring

The Miracle Method Difference, Makes All the Difference

Shower Pans

The Solution

Concrete Floors

The Solution

New tile, laminate, fiberglass and other surfaces are beautiful... *but it goes downhill from there!*

- Over time, the surfaces crack
- Shower pans leak
- Grout stains and falls out
- Laminate chips and seams separate
- Water seeps under tile & fiberglass
- Mold and mildew form on wet grout

Removing & replacing old surfaces is miserable, time-consuming, and very expensive!

If you've ever been through a renovation – where the old surfaces and fixtures were removed – you know the extreme mess, hassle and cost. Miracle Method offers a beautiful alternative!

Ceramic Tile Walls and Floors

The Problem

The Solution

Vinyl Flooring

The Problem

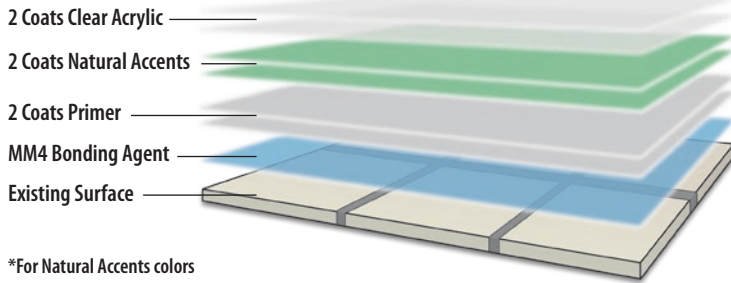

The Solution

**Surface refinishing is easier, faster and costs less than replacement.
Up to 50% less in many cases!**

Miracle Method's surface refinishing is a multi-layer process that utilizes hi-tech acrylic coatings, and is professionally applied with HVLP equipment.

Miracle Method's unique multi-layer acrylic refinishing process:*

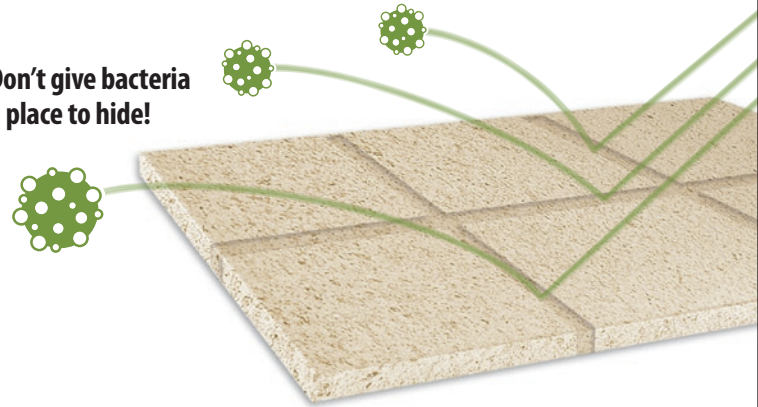

*For Natural Accents colors

Refinished surfaces are permanently sealed and easier to clean. Your maintenance crew is going to love this!

Tile and grout cleaning is only a temporary fix. Surface refinishing protects the grout and tile, inhibiting the growth of mold and mildew.

Don't give bacteria a place to hide!

Laminate Counters

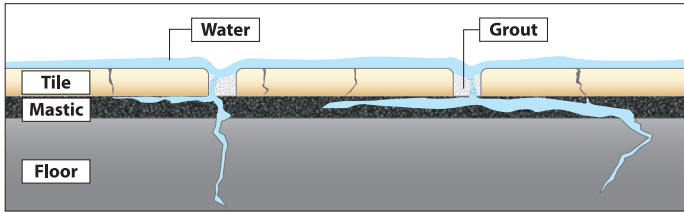

Porcelain and Fiberglass Bathtubs

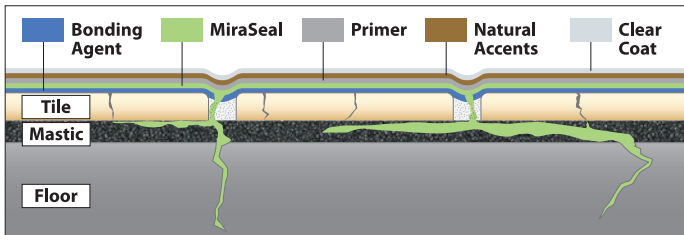

For leaking surfaces, we apply MiraSeal® to permanently seal grout, concrete and terrazzo.

A Miracle Method exclusive, MiraSeal cures underwater, and displaces moisture all without costly removal and demolition to trace the leak.

The Problem: Water leaking through a damaged surface

The Solution: MiraSeal water displacement and surface sealer

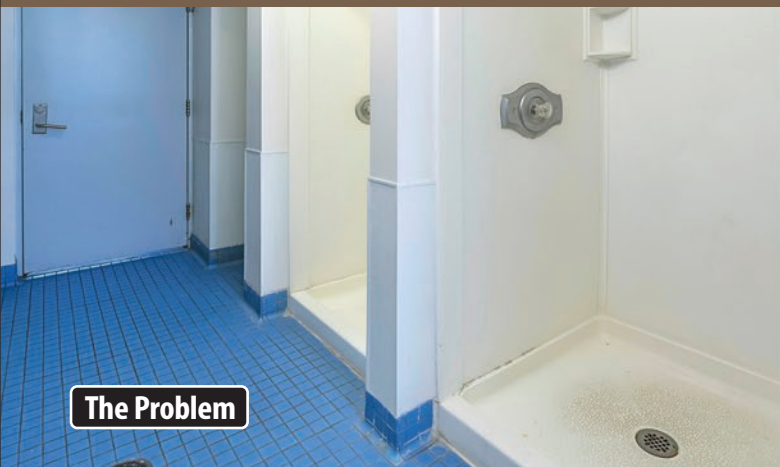

Miracle Method's Natural Accents® offers a durable and beautiful stone-look finish.

Our Natural Accents finishes are seamless, non-porous, impervious to water and are both heat- and scratch-resistant. Applied using our seven-step process; the result is both affordable and cost efficient.

Tile and Fiberglass Showers

Quarry Tile Floors
