

Clean More **For Less**

Our **Smart Care® Systems** suit any cleaning environment and budget. Maximize your carpet lifecycle and appearance level without inconvenience to your building's occupants. Our comprehensive approach to carpet maintenance ensures that you'll never have a buildup of sticky chemical residues or soil again.

BENEFITS OF OUR SMART CARE® SYSTEMS:

- Reduction in hot water extraction costs with monthly Whittaker treatments
- Easy-to-use with no training required
- Lightweight, ergonomic design
- Quiet during use that won't disrupt your facility guests
- Low-fatigue machine-mounted solution tank
- Light-touch control
- Productivity rates up to 20,640 sq. ft./hour
- Carpets dry within 20-30 minutes
- Mill-recommended
- Use 3-12 times less water than leading competitors

Third-party time studies have verified production rates that are **5-6 times faster** than conventional bonnet cleaning methods.

"I highly endorse and recommend this machine. It is very easy to operate and is border-line fun. For the price and convenience, this one is going to be next to impossible to beat."

- Keenan T, Michigan

Extend the Life of **Your Carpet**

Disruptive, inefficient, expensive, and sticky residue carpet cleaning systems seem to be the norm. But when you think about it, are sticky carpets truly clean carpets?

Our **Whittaker CRYSTAL® Chemistry** products prevent the buildup of sticky chemical residues and soil, while protecting the color and appearance of expensive, carefully chosen carpets.

BENEFITS OF OUR WHITTAKER CRYSTAL® CHEMISTRY:

- Dry carpets within 20-30 minutes
- Consistent appearance levels and extended carpet lifecycles
- Zero chemical fumes, carcinogens, or other dangers
- Low-residue chemistry – eliminating sticky carpets, odors, and recurring carpet stains
- A sustainable, LEED-certified, WoolSafe solution
- Effective with all water types, including hard water

From daily spot treatments to interim cleaning to deep restorative cleaning, Whittaker Systems has the right CRYSTAL® Chemistry for you!
