

Brian T. Bishop, Major General, United States Air Force (retired) has over 20 years of senior executive and global leadership experience in aerospace operations and management. He has led complex organizations ranging in size from 10 to 30,000. Brian is a well-respected executive and high-performance team builder who is able to imagine, create and implement strategic vision focusing on excellence across a global operation. He has a proven leadership record resolving strategic, operational and organizational issues and is experienced

in executing budgets up to hundreds of millions of dollars. Brian is highly experienced in risk management and cross-cultural integration achieving global impact. A graduate of the United States Air Force Academy with a degree in Aeronautical Engineering, Brian has commanded at all levels to include the United States Air Force Air Demonstration Squadron, "Thunderbirds"; the 8th Fighter Wing at Kunsan Air Base, Republic of Korea; and the 332nd Air Expeditionary Wing, Joint Base Balad, Iraq. Currently, Brian is the President of Brian T. Bishop & Associates, LLC and Vice President of Operations for Mike Goulian Aviation and Goulian Aerosports where he applies his leadership, risk management expertise and team building experience building a company that enhances the aviation experience for owners of Cirrus aircraft.

For 35 years **Richard Flint** has traveled the globe speaking to the leadership and employees of Fortune 500 Companies, Business Associations, Educational Communities and Non-Profits. Richard has coached, motivated, educated and mentored thousands on how to deal with and conquer personal and business issues, customer care and leadership, stress, procrastination, economic change, how to achieve goals and create personal growth, to name a few. Considered to

be one of the best kept secrets of the international business communities, Richard brings customized, in-depth, energetic, & most importantly, duplicative strategies to you and your organization that can be implemented TODAY to see immediate results. As a business consultant, renowned coach, acclaimed author and international speaker Richard Flint has helped bring solutions to individuals and business leaders to optimize their success by challenging their accountability through their behavior, not their words!
